

Young Researchers Forum - Young Scientist Award World Cardiology Summit 2020

Suresh Vatsyayann

Professor Hematology, The Family Clinic, Gurugram, India, E-mail: freegp@gmail.com

Prestigious Award for Young Research's at world cardiology summit 2020 Discovering New Exploration in Pediatrics field.

World cardiology summit 2020 is glad to announce "2nd World cardiology Experts Meeting" during **April 8-9, 2020 in Sydney, Australia** by focus on the theme: *"Case studies that pave way for an advanced Cardiology treatment"*.

world [cardiology](#) summit 2020 theme has broad interests, which address many aspects of Heart surgery, Heart Devices, Cardiac Nursing, Cardiac Pharmacology, Electrocardiography, Cardiac catheterization, Coronary Angiography, Cardiovascular Surgery, Invasive cardiology, The coronary care unit, Echocardiography, Cardiac Imaging Techniques, Pacemakers and internal defibrillators, Nutrition, Diet & Exercise, Paediatric cardiology.

Heart surgery can correct problems with the heart if other treatments haven't worked or can't be used. The most common type of heart surgery for adults is coronary artery bypass grafting (CABG). During CABG, a healthy artery or vein from the body is connected, or grafted, to a blocked coronary (heart) artery.

Doctors also use heart surgery to

Repair or replace heart valves, which control blood flow through the heart.

Repair abnormal or damaged structures in the heart
Implant medical devices that help control the heartbeat or support heart function and blood flow
Replace a damaged heart with a healthy heart from a donor. Treat heart failure and coronary heart disease.

Young Research Forum - Young Scientist Awards world cardiology summit 2020

Control abnormal heart rhythms

Heart surgery has risks, even though its results often are excellent. Risks include bleeding, infection, irregular heartbeats, and stroke. The risk is higher if you are older or a woman. The risk is also higher if you have other diseases or conditions, such as diabetes, kidney disease, lung disease, or peripheral arterial disease.

Minimally Invasive Coronary Artery Bypass Surgery

Valve-Sparing Aortic Root Replacement

Open heart surgery

Trans myocardial Laser Revascularization

Off-Pump Heart Surgery

Development of Novel Anti-Ischaemic Agents

World cardiology summit 2020 developments are maintaining their momentum. World cardiology

summit 2020 [Conference](#) program delves into strategic discussions.

world cardiology summit 2020 Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Heart surgery, Heart Devices, Cardiac Nursing, Cardiac Pharmacology, Electrocardiography, Cardiac catheterization, Coronary Angiography, Cardiovascular Surgery, Invasive cardiology, The coronary care unit, Echocardiography, Cardiac Imaging Techniques, Pacemakers and internal defibrillators, Nutrition, Diet & Exercise, Paediatric cardiology.

Young Research's Awards at world cardiology summit 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the world cardiology summit 2020 young research forum. .

Supporting Journals of 2nd World Cardiology Experts

Meeting:

Journal of Blood & Lymph

Journal of Blood Research & Hematologic Diseases

Journal of Hypertension: Open Access

Benefits

- Young Scientist Award recognition certificate and memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field.
- Share the ideas with both eminent researchers and mentors.

It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35yrs
- All submissions must be in English.

Make a note only 25 slots are available in the above mentioned category so do not wait and confirm your
