

Young Researchers Forum - Young Scientist Awards Environmental Congress 2020

Ajah Uzoigwe James

President of Organization: Earth Environment And Climate Care Ambassadors, Nigeria, E-mail: citycleanersinternational@gmail.com

Conference Series LLC LTD is organizing "4th World Congress on Environmental Toxicology" which is going to be held in the month of October 26-27, 2020 at Osaka, Japan. The Theme of the conference is "An initiative to bring Harmony to the Natural Environment". The conference offers Prestigious Award for Young Research's at Environmental Congress 2020 Gathering the New-born Advances in Environmental.

Environmental Congress 2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Environmental Congress 2020. This Environmental Congress 2020 Young Scientist Awards will be announced at the upcoming "4th World Congress on Environmental Toxicology" at Osaka, Japan on October 26-27, 2020.

This Environmental Congress 2020 is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Environmental Congress 2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

Environmental Congress 2020 Conference will be an investigation of new research Innovation in the field of environment and spread the most recent advancements in environmental and Pollution control. Discussion on new technology advancement in the field of Pollution, Types of Pollution, Environmental Toxicology, Regulatory Toxicology, Economic Toxicology, Agricultural Toxicology, Climate Change, Environmental Toxicology and Chemistry, Environmental Health and Safety, Environmental Toxicology and Food Chain, Global Warming, Green Chemistry, Waste Recycling and Management, Bioaccumulation and Ecology Impacts, Carcinogenesis and Mutagenesis, Health Economics and

Public Policies,, Environmental Compliance, Epidemiology and Biostatistics is a key player.

The market is mainly driven by the increasing research funding for Environmental Congress from governments and private investors, growing demand for personalized environment in the U.S. and Europe, and the increasing need for toxicology testing. Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in environmental science. This is the best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in different fields of environment by receiving name recognition at this 2-days event.

World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in environment are the principal features of this conference.

Toxicology is defined as the study of the effects of chemical agents on biological material in a harmful manner. Accordingly, Environmental Toxicology, the result of Environmental Pollution, can be defined as the effects of environmental toxicants on health and the environment. Environmental toxicants may be of chemical and biological origin like toxicants from pollutants, insecticides, pesticides, and fertilizers are released into the general environment that can cause adverse effects on health.

Past Conference Report: With the successful completion of World Congress on Environmental Toxicology and Health which was scheduled during July 11-12, 2019 Sydney, Australia. The conference was initiated with the Honourable presence of the Keynote forum.

The list includes: Title: Nanomaterial carcinogenicity: Role of cancer stem cells and tumor microenvironment by James Robert Doyle, Macalester College, USA. Conferences series is glad to announce 4th World Congress on

Environmental Toxicology which is scheduled to be held during October 26-27, 2020 Sydney, Australia and the event is enlightened with the theme “Multidisciplinary Approaches towards Environmental and Health Safety.”

Eligibility Criteria for [Young Scientist](#) Awards: Environmental Congress 2020: **Environmental Congress 2020: Young Scientist Awards:** is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization. Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.

Judging Criteria:

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the Environmental Congress 2020 conference. Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, innovative ideas, style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/services into public domain.

Nomination:

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student’s advisor should attach a statement that their contribution is primarily advisory. Candidates applying for the Environmental Congress 2020:

Young Researcher Award should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) to environmental-health@asiapacificmeets.com along with

the online application at the Environmental Congress 2020 Award page.

Presentation:

This award will be presented at Osaka, Japan during Environmental Congress 2020 conference. About Hosting Organization: Conference Series: Conference Series LLC LTD is the world’s leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.
