

# Young Researchers Forum - Young Scientist Awards Food Chemistry Congress 2020

**Rosa Lelyana**

*Medical Doctor / Scientist, Diponegoro University, Indonesia*

Conferenceseries LLC Ltd has Prestigious Award for Young Research's at Food Chemistry Congress 2020 - Shaping the future of Food Chemistry research and its impact on Quality, Nutrition, Health and Safety

[Food chemistry congress 2020](#) invites participants from all over the world to attend "3rd European Food Chemistry & Nutrition Congress" which is going to be held during April 22-23, 2020 at [Florence, Italy](#). The theme of the conference is "Shaping the future of Food Chemistry research and its impact on Quality, Nutrition, Health and Safety".

The [Young Scientist Research Award](#) is presented to an individual for outstanding contributions in the field of Agri, Food & Aqua with the expectation that contributions will continue. This award recognizes research relevant to the broad aims and interests of Agri, Food & Aqua Committee. The research will be evaluated based on impact on the theme of the conference and the quality of research.

Its major aim is to recognize world's most promising researchers who are working in the field of Food Chemistry, [Food Technology](#) and Drug safety and are committed to developing sustainable models that help in increasing innovations to support the future Food industry and healthcare by improving the quality of life.

Food Chemistry Congress 2020 welcomes Young Researchers and Scientists Award in order to encourage researches and innovation from the youth.

Food Chemistry Conference [Committee](#) is envisioned to honour admired award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, junior faculty in recognition of their outstanding contribution towards the conference theme..

Best Organizing Committee Member Award Food Congress 2020 will honour the individual who has demonstrated exemplary support and guidance throughout the conference.

Outstanding The [Young Scientist Award](#) makes much effort in providing a strong professional development opportunity for Young Researchers by meeting experts to exchange and share their experiences on all aspects of Food and Nutrition. The Young Researchers Forum (YRF) presents young researchers a chance to present their progress work as well as finished results to the community in a friendly, open setting. Just like in the main event, presentations will be given in the form of talks. A pre-screening (but no formal review process) will make sure appropriate quality control.

Candidates to the Award must be nominated by researchers from academia or industry and must present their papers during the [symposium](#). The selection will be made by a scientific committee and the winner will be announced during the symposium.

The aim of the [Young Researchers Forum](#) is to inspire and convey together young researchers within the related field. The forum affords a vibrant place for discussing potential and on-going research in any stage, from knowledge to results. The forum strives to be responsible for a friendly environment to permit young researchers to get feedback on their work, exchange experience, ask questions, and explore pathways hospitable them. Additionally, the forum encourages collaboration between young researchers, experienced researchers and industry. Each author, in addition to reviewers relevant to their work, are going to be assigned an industrial mentor who will also assess and suggest enhancements to their submissions.

The main mission of Young Scientist Award is to improve scientific knowledge and to impact the major challenges of society with Science-based solutions.

It aims to improve research performance and leadership with a vision to inspire young researchers to improve their research. This year's call is dedicated to PhD andidates, Post graduate students, Post-doctoral fellows and investors.

Young Research's Awards at Food Chemistry Congress 2020 for the Nomination:

Young Researcher Forum – Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations are accepted at the Food Chemistry Congress 2020 young research forum.

## Benefits for Young Researchers

- [Young Scientist Award](#) recognition certificate and memento to the winners.
- Our conferences provide the best Platform to showcase your research presentations.
- Learn about career improvement with all the latest technologies.
- Young Scientists will get timely information required by this Forum.
- It provides a Platform for collaboration among Young Researchers for better development and research.
- An opportunity for research enthusiasts and senior investigators across the globe in the field.

- Exchange of ideas with eminent personalities working in the same field.
- Great privilege for young [researchers](#) to learn about their research areas for expanding their research knowledge.

#### **Eligibility Criteria:**

- Young Investigators, Post-Graduate students, Postdoctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience.
- Presentation to be included in [scientific sessions](#) of the conference.
- Each Young Researcher / Young Scientist is required to submit only one paper (as first author or co-author).
- Age limit-Under 35yrs.
- All submissions must be in English.

#### **Submissions will be judged on the basis of the following:**

- Quality and number of publications in the field of Food technology and Drug Safety.
- Nature and uniqueness of research.
- Future scope and ease of application of the research in the field of Nutrition.
- Outcomes of research.
- Impact of the research on the society.
- Vision of the Researcher.

[Food Chemistry Congress 2020](#) provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Food Chemistry Congress 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make Food Chemistry Congress 2020 more successful.
