

## Young Researchers Forum: Young Scientist Awards for Fluid Dynamics & Fluid Mechanics July 22-23, 2020 | Vancouver, Canada

**George Biros**

*Professor, Simulation-Based Engineering Department, University of Texas, Austin, USA George, E-mail: [biros@ices.utexas.edu](mailto:biros@ices.utexas.edu)*

Conference Series LLC Ltd invites the participants from all over the globe to take part in "International Meeting on Fluid Dynamics & Fluid Mechanics" during July 22 -23, 2020 at Vancouver, Canada. Scientific sessions designed for this conference will assist the attendees and participants to learn extremes.

[Fluid Dynamics](#) 2020 aims proclaim knowledge and share new ideas amongst the professionals, industrialists and students from research areas of Fluid Mechanics, Fluid Dynamics, Hydraulics, Computational Fluid Dynamics, Heat/Mass Transfer System, Magneto Hydrodynamics, Bio fluid Dynamics, [Molecular Dynamics](#), Aerospace Applications, Turbines, Microfluidics, Newtonian & Non-Newtonian fluids, Fluid Flow Measurements, Thermal Conductivity, [Aero-acoustics](#), Environmental Fluid Mechanics to share their research experiences and indulge in interactive discussions and special sessions at the event.

The conference series aims to disseminate the advancements of research in Fluid Dynamics & [Fluid Mechanics](#) to the global community by bringing together a multi-disciplinary group of scientists/Professors to present and exchange breakthrough ideas relating to this field. This conference creates a best platform for active participation through keynote sessions, plenary lectures, symposia, workshops, oral and poster sessions of unsolicited contributions. Young Researchers have the chance to showcase their knowledge, listen to different opinions and gain new things in this current research field.

Prestigious Award for Young Research's at Cell Signaling 2020 - Discovering New Exploration in Oncology & Cancer field

Physics Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Physics.

Young Research's Awards at Fluid Dynamics 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Fluid Dynamics 2020 young research forum.

### Benefits:

- Young Scientist Award recognition certificate and memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field.
- Share the ideas with both eminent researchers and mentors.

- 
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

**Eligibility:**

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience.
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35yrs.
- All submissions must be in English.

**Fluid Dynamics 2020** provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Fluid Dynamics 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Fluid Dynamics 2020 more successful.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

**How to apply**

Candidates applying for the Young Researcher Award should send their resume, and a letter of recommendation (from a research adviser for students or a senior faculty member) to [fluidynamics@eventsupporting.org](mailto:fluidynamics@eventsupporting.org) along with the online application form below.

Online application link: <https://fluidynamics.physicsmeetings.com/young-researchers-forum.php>
