

# 14th World Congress on Dementia and Alzheimer's disease

## Alain Fymat

President, International Institute of Medicine and Science, USA, E-mail: [alain.fymat@fiimas.org](mailto:alain.fymat@fiimas.org)

Triumphant completion of the 13th series of [Dementia congress](#), A further conference on [Dementia](#) has been successfully completed, we must thank our organizing committee members, keynote speakers, plenary speakers, our young scientists and our delegates for making this dementia congress as a grand success on a pertinent theme of "Elucidating the latest advancements & cutting-edge research in Dementia and Alzheimer's Disease".

The motive of [Dementia](#) 2020 is to bring all like-minded global experts to share their research findings and have an idea-focused discussion. It is a unique chance to reach all recognized professionals, including Scientists and researchers specializing in every area of Dementia and [Alzheimer's Disease](#).

We had added interesting tracks like Alzheimer's disease, [Dementia](#), Parkinson's Disease, Neurodegenerative Diseases, [Vascular Dementia](#), Traumatic Brain Injury, Frontotemporal Dementia, Neuropharmacology, Diagnosis and Prognosis of Alzheimer's, Geriatrics and Cognitive Disorder, Care practice and Awareness, Alternative treatment for [Alzheimer's](#).

As for [Dementia](#) 2019, this series will also bring renowned and aspiring researchers, scientists, Neurosurgeons, Business Entrepreneurs, Medical Devices Manufacturing Companies, Dementia community, society and associations, Research Laboratories, Pharmaceutical industries and Biotech Company, and Other experts in Dementia and dementia care

Dementia event is expecting 200+ participants to glorify the program. This time the sessions will be more as we introduced some more interesting tracks.

We are looking ahead for the successful completion of the [Dementia](#) 2020 congress.

We extend our warm welcome to all the dementia researchers, students and [Alzheimer's](#) experts to mark their presence on May 01-02, 2020 at Spain

**Dementia 2020 is on its way!**
