

2020 Conference Announcement on Annual Congress on Clinical Microbiology and Yeast Congress

Allal Ouhtit

Professor, Qatar University, Qatar, E-mail: aouhtit@qu.edu.qa

[Conference series LLC](#) takes immense pleasure in inviting all the participants from across the globe to attend "[Annual Congress on Clinical Microbiology and Yeast Congress](#)". This comprises of proficient keynote presentations, verbal speeches, productive poster presentations and exhibitions providing insights to the importance and efficiency of dentistry in Healthcare. The conference will take place in **Online event** from **September 25-26, 2020**.

[Yeast Congress 2020](#) promotes the free discussion among scientists working on or interested in all aspects of yeast and fungal genetics. Yeasts are unicellular fungi used in many sectors of biotechnology to make products such as beverages, foods, pharmaceuticals, and chemicals. This meeting will examine the basic physiology and metabolism of industrial yeast strains. The potential to further exploit the natural biopersivity of yeasts to create select or create new strains for applications will also be considered. New genetic tools and approaches have opened up new possibilities for reprogramming pathways to produce novel products in yeast and there will be a particular focus on yeast cell factories.

Outstanding Scientific Contributions and Achievement Awards

Expert Level (Scientific Service Achievement Award):

The award to the experts who have made outstanding contributions to advancing in Microbiology & Pathology. It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the relative field of Microbiology in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online.

Professional Level (The Research Contribution Award):

The Award for professional or academic research activity acquired in Microbiology research field in the public or private sector for experts having research knowledge at 10+ years in the field of Microbiology and Pathology with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award through online.

Scholar Level (The Upcoming Researcher Award):

The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Microbiology. Our conference would like to provide best platform to expand your network by sharing your research knowledge at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving of the award through online.

Women Scientist (The Women of Science Award):

Our Conference provides a unique platform for women scientists for presenting latest research projects in the field of Microbiology with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries to who have 10+ years of research experience to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online.

Outstanding speaker in Yeast Congress 2020:

This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Microbiology & Pathology. You can nominate deserving of the award through online.

Best Poster Presentation in Yeast Congress 2020:

Student Poster Competition is organized at Conference, to encourage students and recent graduates to present their original research. All accepted abstracts will be presented at the poster sessions during the conference. Conference Series aims at setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme Unravel the Spearheads of Yeast Genetics. You can nominate someone deserving of the award through online.
