

Awards Content on Advanced Clinical Trials and Clinical Research

Raymond Chong

Chair Professor, Department of Interdisciplinary Health Sciences, Augusta University, Augusta, Georgia, E-mail: rchong@augusta.edu

The Clinical Trails 2020 Congress promote and recognizes the scientific and technological achievements in clinical research taking into consideration independence of thought, originality, significance of discovery, and impact on his/her area of research it is among the most prestigious scientific awards.

These awards provide an opportunity to acknowledge those individuals who play a major part in the advancement of research and to improve the better outcome in the health care.

These awards are presented at the “**5th World Congress on Advanced Clinical Trials and Clinical Research**” Scientific Sessions in Bangkok Thailand during the Scientific Service Achievement Awards Presentation Ceremony on April 9th 10th, 2020.

The Research Contribution Award:

The research contribution Award is given for significant and lasting contributions to the research on Clinical and Healthcare. Who have made significant contributions to the understanding of issues which disproportionately who have made a significant contribution to educational research and development.

Scholar Level (The Upcoming Researcher Award):

The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Healthcare. Our conference would like to provide best platform to expand your network by sharing your research knowledge at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving of the award through online.

Women Scientist (The Women of Science Award):

Women in Science Awards are presented every year to five women, one from each world region (Africa and the Arab States, Asia-Pacific, Europe, Latin America and North America) in recognition of their scientific accomplishments. Each scientist has had a unique career path combining exceptional talent, a deep commitment to her profession and remarkable courage in a field still largely dominated by men.

The scientific fields considered for the awards alternate every other year between life sciences and Heath care . In its aim to promote and encourage women throughout their scientific careers, the For Women in Science partnership has also developed a global network of International, Regional and National Fellowship programmers aimed at supporting young women who represent the future of science. Their research in institutions at home or abroad. The programme has become a benchmark of scientific excellence on an international scale. It brings visibility to outstanding women scientists and thus provides strong role models to girls and young women considering science careers.

Best Keynote Speaker:

The right keynote speaker adds something special to the event. They take the important message, repackage it and deliver it back to the participants with an unmatched power and vigour. They change the delegate’s way of thinking and leave the participants feeling energized and inspired.

Best Poster Presentation:

Posters are a key component of communicating research and an important element in a successful scientific career. Student Poster Competition is organized at Conference, to encourage students and recent graduates to present their original research. All accepted abstracts will be presented at the poster sessions during the conference. Conference Series aims at setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference. You can nominate someone deserving of the award through online.

Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of healthcare research you can nominate deserving of the award through online.
