

Welcome to the **Journal of Clinical & Medical Genomics (JCMG) ISSN: 2472-128X**, it is a peer-reviewed journal.

In 2019 as per Google analytics there are 3,309 page views from different countries like India, Usa, Uk, Greece, Japan and successfully published articles for Volume 7 with issue 1 and 2. All the papers published in this edition underwent peer-review process involving a minimum of two reviewers comprising internal as well as external referees. This was to ensure that the quality of the papers justified the high ranking of the journal, which is renowned as a heavily-cited journal by authors and researchers around world.

Journal aims for the development of technologies for providing insights into the molecular, genetic and cellular basis of diseases, with growing opportunities for improving individualized patient care. It also focuses on genome technologies, including high-throughput genotyping, sequencing and the study of gene expression. The Clinical Case Reports Congress 2020 will be hosting presentations based upon the few highlights as Human Pathology and Diabetes, Pediatric, Surgery, Primary Care, Autopsy, Clinical Research, Neurology, Clinical Microbiology and Research for Diabetes and many more.

This award is for all the researchers who are going to establish or going to join a new area for the healthcare. CLINICAL CASE REPORTS 2020 would like to provide best platform to expand your network by sharing your research knowledge at stage through their enchanting speech. You can nominate deserving of the award through online.

The social media can play a key role in spreading the research work increased visibility, citation and ultimately the impact of published works. We promote published articles to the social media. This will benefit the researcher to increase reputation and attendant career progression. For example, Facebook account, Twitter, LinkedIn.

It covers all aspects Biomarkers in Genomic Medicine, Cancer Genomics, Clinical Research in Genome, Genetic Diseases, Genetic Engineering. Our dedicated technical and editorial team members from different fields of Genomics and related fields ensure the quality and review standard of our publications. **JCMG** publishes original articles, brief reports, letters to editor and reviews.

We anticipate that you will find the evidence presented in this edition to be intriguing, thought-provoking and useful in reaching new milestones in your own research. Please recommend the journal to your colleagues and students to make this endeavor meaningful.

We thank the authors for agreeing to publish their papers in this Edition, and the editors and reviewers involved in the publishing process of these papers.
